tance of having a lighthouse at the mouth of our harbor. It appears that on the occasion of the arrival of the Naramissic off our harbor on Saturday night, that a light was observed ahead. It burned brightly and was supposed to be the Esquimalt light. But suddenly, in time to escape getting ashore, the light was discovered to be a fire burning up logs in cleaning land, near the residence of R. Burnaby, Esq. Esquimalt light was shut in with the land, or for some cause was not observed. The Toando, also, came near getting ashore on Trial Island from the same cause-from

the same fire. It is very difficult to imagine how any law could be enacted to prevent persons from burning land in order to clear it. The only way in which such dangerous lights could be avoided near our harbor, would be Singing, Drawing and Painting.

The Rev. W. S. Recee and Mrs. Reece receive a limited number of Boarders. For further particulars apply to the Lady Principal at the School (the house formerly occupied by Chief Justice Cameron), Ray street, opposite Christ Church.

626 3m to only burn up the logs in clear weather. Yet that would only reach residents. It would not prevent Indians or boating parties going up and down the coast from lighting campfires this side of Trial Island. In fact, it would be next to an impossibility to prevent the latter. So a lighthouse at the mouth of our harbor appears to be the surest means to make the approaches thereto safe during the night. A good light, well situated, there could be no mistaking it for a log-fire or a campfire. It would give every protection to the shipping that is possible, and as the tonnage of our port is continually on the increase the construction of such a public work be comes doubly more essential.

On the motion of Mr. Burnaby, it was resolved that a conference with the Upper House, to consider the amendments, be requested.

The passage of the three Bills of Supply was also announced in the above communication from the Council.

Benefit -Mr. Waldron has selected Sir Bulwer Lytton's splendid play of "Money" for representation on the occasion of his forthcoming benefit on Saturday night next. We highly approve of Mr. Waldron's judgment in the selection of this play, as it is universally acknowledged to be one of the finest the accomplished author has contrib. week, and the reports we have seen about it. speak in the highest terms of commendation of its magnificence. The views are painted in the public with every accessory which the resources of the establishment will admit of, and Mr. Waldron himself is exerting his atmost powers to make the entertainments worthy of the highest and most extensive patronage. We are glad to hear that already some of the boxes and quite a number of seats in all parts of the house besides have been secured, and with a little exertion among the friends of Mr. Waldron, the most gratifying results will be attained. Seats should be severed and up at a content of the public with seeing it once. PROROGATION OF THE LEGISLATURE.-TOmorrow, at two p. m., the Governor will prorogue the Logislature. Such ceremonies in Vancouver Island are generally very tame affairs, and totally unaccompanied by the pomp and circumstance which mark similar events in other colonies. Formerly, when Capt. Bazelgette's detachment of marines. now in garrison upon San Juan Island, were quartered in the Barracks on James Bay, soldiers lined the approach to the House of Assembly upon like occasions, and presented arms as His Excellency passed. The total absence of such respect as is usually paid to the representative of royalty upon state occasions, cannot but have an unsatisfactory effect upon the public mind, as every loyal being respectively. Briton would rejoice to see, now and then, the uniforms of Imperial troops assembled to do homage to their Colonial rulers. As do homage to their Colonial rulers. As neither a garrison nor volunteer force are possessed by Victoria at present, we think that a guard of honor from the fleet should be detailed to attend such ceremonies. More importance would then attach itself to the events, and the opening or prorogation of the Legislature would not be treated with such indifference as is at present remarkable. judifference as is at present remarkable.

EDITOR BRITISH COLONIST :- At about EDITOR BRITISH COLONIST:—At about 7 o'clock in the evening I arrived on board II. M. S. Devastation, and after passing the gangway I became almost unconscious of being on board of one of Her Majesty's ships of war, so changed was the aspect of everything before me. The quarter-deck wore quite a theatrical air, and quite the reverse of what it would be 'When mad-brained war spreads death around;'

for in the absence of the heavy pivot guns, those clamorous harbingers of blood and death were arranged in perfect order rows of seats which might for comfort and convenience rival many of our Metropolitan theatres. And to add still more to the comfort of the audience there was placed abaft the mizer-mast (which was shoulded with a row entired than the there was placed about the mizer-mast (which was shrouded with a gay national flag), a cresset filled with glowing embers, which spread a warmth all round. Between the pieces we heard repeatedly the well known cry of apples, oranges, ginger beer, and a bill of the play, which caused much mirth and laughter from the audience. The performance of the two clowns, in the interlude, was capital.

The laughable farce of the "Middy Ashore" canculade the performance. The "herem" have sold a case of Old Tom to an Indian on

The ladies (Messrs. Altgrether, creat, credit is due to the time. Altogether, great credit is due to the officers and crew—to the crew for their able erformance, and to the former for the hospit performance, and other former on the hospitable manner in which they regaled their many colonial guests, as every cabin in the ship was loaded with refreshments.

Complaints in regard to the irregularity of the mails appear to be universal on the Pacific coast at present, and the disease has become chronic. The people of Island county have probably more cause to gramble than the inhabitants of any other portion of the Territory. One notable instance of official folly in connection with this subject, I cannot avoid mentioning: Capt, Couper runs a daily ferry between Port Townsend and Whidby Island—and crossing a narrow neck of land to Coupeville, thence to Utsalady—he carried the mails gratuitous for two years, with great respective and to Utsahady—no carried the mais gratultously for two years with great regularity and

Dr. Baker's Pain Panacea. IS composed entirely of healing gums, and vege-table oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it

If you have Pain in the Stomach or Bowels, try a dose of Pain Panacea internally, bathe exter-nally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panasca four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

day.

If you have the Diarrhae, or a relaxed state of the bowels, take a few doses of Pain Panacea and they will soon be restored. If you have a painful swelling bathe the parts freely and you will soon relieve the pain, and the swelling will be reduced. If you have a severe toothache, apply the Pain Panacea on a piece of cotton, and bathe the gum at the same time; it will stop the pain instantly. If you have a pain in the Side, Breast, Back, or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.
